ABOUT COMPANY :

WIPRO IS A LEADING GLOBAL INFORMATION TECHNOLOGY, CONSULTING, AND BUSINESS PROCESS SERVICES COMPANY HEADQUARTERED IN BENGALURU, INDIA. FOUNDED IN 1945, THE COMPANY HAS TRANSFORMED FROM A CONSUMER PRODUCTS BUSINESS INTO ONE OF THE WORLD'S MAJOR IT SERVICE PROVIDERS. WIPRO DELIVERS INNOVATIVE SOLUTIONS IN CLOUD COMPUTING, CYBERSECURITY, ARTIFICIAL INTELLIGENCE, DIGITAL TRANSFORMATION, ANALYTICS, ENGINEERING SERVICES, AND CONSULTING. THE COMPANY SERVES CLIENTS ACROSS INDUSTRIES INCLUDING BANKING, HEALTHCARE, RETAIL, MANUFACTURING, TELECOMMUNICATIONS, AND ENERGY. WITH OPERATIONS IN MORE THAN 60 COUNTRIES AND A STRONG GLOBAL WORKFORCE, WIPRO FOCUSES ON HELPING BUSINESSES IMPROVE EFFICIENCY, ACCELERATE DIGITAL GROWTH, AND ENHANCE CUSTOMER EXPERIENCES THROUGH TECHNOLOGY-DRIVEN SOLUTIONS. THE COMPANY IS RECOGNIZED FOR ITS COMMITMENT TO SUSTAINABILITY, ETHICAL BUSINESS PRACTICES, INNOVATION, AND LONG-TERM VALUE CREATION FOR STAKEHOLDERS.

EXECUTIVE SUMMARY :

WIPRO LIMITED IS ONE OF INDIA'S LEADING GLOBAL INFORMATION TECHNOLOGY AND CONSULTING COMPANIES, OPERATING ACROSS CLOUD COMPUTING, CYBERSECURITY, ARTIFICIAL INTELLIGENCE, DIGITAL TRANSFORMATION, ANALYTICS, AND ENGINEERING SERVICES. OVER THE LAST FIVE YEARS, THE COMPANY HAS DEMONSTRATED RESILIENCE DESPITE CHALLENGING GLOBAL ECONOMIC CONDITIONS, WEAKER DISCRETIONARY TECHNOLOGY SPENDING, AND INCREASING COMPETITION WITHIN THE IT SERVICES INDUSTRY. THE FINANCIAL MODEL EVALUATES WIPRO'S HISTORICAL PERFORMANCE FROM FY21 TO FY25 AND PROJECTS FUTURE PERFORMANCE UNDER BEST-CASE, BASE-CASE, AND WORST-CASE SCENARIOS THROUGH FY30.

HISTORICALLY, WIPRO EXPERIENCED STRONG POST-PANDEMIC GROWTH DRIVEN BY RISING ENTERPRISE DEMAND FOR DIGITAL TRANSFORMATION SERVICES. TOTAL REVENUE INCREASED SIGNIFICANTLY FROM ₹64,625 CRORE IN FY21 TO ₹93,201 CRORE IN FY23, SUPPORTED BY STRONG CLIENT SPENDING ACROSS MULTIPLE INDUSTRIES. HOWEVER, REVENUE GROWTH WEAKENED AFTERWARD, DECLINING BY 1.25% IN FY24 AND 0.79% IN FY25 DUE TO GLOBAL MACROECONOMIC UNCERTAINTY, DELAYED CLIENT DECISION-MAKING, AND REDUCED DISCRETIONARY IT SPENDING. DESPITE THIS SLOWDOWN, WIPRO CONTINUES TO BENEFIT FROM A DIVERSIFIED BUSINESS MODEL WITH EXPOSURE TO BANKING, HEALTHCARE, RETAIL, MANUFACTURING, TELECOMMUNICATIONS, AND ENERGY SECTORS, REDUCING DEPENDENCY ON ANY SINGLE INDUSTRY.

PROFITABILITY TRENDS INDICATE THAT THE COMPANY FACED MARGIN PRESSURE DURING THE RECENT SLOWDOWN BUT HAS GRADUALLY BEGUN RECOVERING THROUGH OPERATIONAL EFFICIENCY MEASURES AND COST OPTIMIZATION INITIATIVES. GROSS PROFIT MARGINS DECLINED FROM 32.57% IN FY21 TO 28.20% IN FY24 BEFORE RECOVERING TO 31.08% IN FY25. SIMILARLY, EBIT MARGINS DECREASED FROM 22.75% IN FY21 TO 17.35% IN FY24 BUT IMPROVED TO 20.38% IN FY25, REFLECTING BETTER EXPENSE MANAGEMENT AND STABILIZATION IN OPERATIONS. NET PROFIT MARGINS FOLLOWED A SIMILAR PATTERN, IMPROVING TO 14.19% IN FY25 AFTER WEAKENING IN PREVIOUS YEARS. THESE TRENDS SUGGEST THAT MANAGEMENT HAS STARTED IMPROVING OPERATIONAL PERFORMANCE DESPITE DIFFICULT MARKET CONDITIONS.

EARNINGS PERFORMANCE REMAINED VOLATILE DURING THE OBSERVED PERIOD. EPS INCREASED BY 16.99% IN FY22 BUT LATER DECLINED SHARPLY BY 49.66% IN FY24 BEFORE RECOVERING BY 20.27% IN FY25. THE DECLINE WAS PRIMARILY DRIVEN BY SLOWER REVENUE GROWTH, MARGIN COMPRESSION, AND WEAKER MARKET SENTIMENT ACROSS THE TECHNOLOGY SECTOR. NEVERTHELESS, WIPRO CONTINUES TO MAINTAIN HEALTHY RETURN RATIOS, WITH FY25 ROE AT 16.78%, ROIC AT 22.32%, AND ROA AT 10.86%, INDICATING EFFICIENT CAPITAL UTILIZATION AND THE COMPANY'S ABILITY TO GENERATE SUSTAINABLE RETURNS OVER THE LONG TERM.

THE FORECASTING ASSUMPTIONS WITHIN THE MODEL INDICATE MODERATE LONG-TERM GROWTH EXPECTATIONS. UNDER THE BEST-CASE SCENARIO, REVENUE FROM OPERATIONS IS PROJECTED TO GROW GRADUALLY BETWEEN 1% AND 3% ANNUALLY FROM FY26 TO FY30, SUPPORTED BY INCREASING DEMAND FOR AI-DRIVEN SOLUTIONS, CLOUD MIGRATION, CYBERSECURITY SERVICES, AND DIGITAL CONSULTING. IN THIS SCENARIO, WIPRO BENEFITS FROM STRONGER CLIENT SPENDING RECOVERY, IMPROVED OPERATING LEVERAGE, AND MARGIN EXPANSION THROUGH AUTOMATION AND HIGHER-VALUE SERVICES. TOTAL INCOME IS PROJECTED TO EXCEED ₹100,000 CRORE BY FY30 UNDER FAVORABLE CONDITIONS.

THE BASE-CASE SCENARIO ASSUMES SLOWER RECOVERY AND STABLE BUT MODERATE GROWTH, REFLECTING CONTINUED UNCERTAINTY IN GLOBAL TECHNOLOGY SPENDING AND CAUTIOUS ENTERPRISE INVESTMENT BEHAVIOR. MEANWHILE, THE WORST-CASE SCENARIO PROJECTS PROLONGED PRESSURE ON REVENUES AND MARGINS DUE TO SLOWER GLOBAL ECONOMIC RECOVERY AND AGGRESSIVE COMPETITIVE PRICING WITHIN THE IT SERVICES SECTOR. HOWEVER, WIPRO'S STRONG BALANCE SHEET, DIVERSIFIED CLIENT PORTFOLIO, AND ESTABLISHED GLOBAL PRESENCE PROVIDE FINANCIAL STABILITY EVEN UNDER ADVERSE CONDITIONS.

OVERALL, THE FINANCIAL MODEL SUGGESTS THAT WIPRO IS CURRENTLY IN A TRANSITIONAL PHASE WHERE SHORT-TERM GROWTH CHALLENGES ARE BEING BALANCED BY IMPROVING OPERATIONAL EFFICIENCY AND LONG-TERM DIGITAL OPPORTUNITIES.

THIS EQUITY RESEARCH REPORT IS PREPARED SOLELY FOR EDUCATIONAL AND INFORMATIONAL PURPOSES. THE ANALYSIS, FORECASTS, VALUATIONS, AND OPINIONS PRESENTED ARE BASED ON PUBLICLY AVAILABLE INFORMATION AND PERSONAL INTERPRETATION. INVESTORS SHOULD CONDUCT THEIR OWN RESEARCH.

KEY REVENUE DRIVERS

KEY EXPENSE DRIVERS

REVENUE DRIVER	IMPACT ON BUSINESS	EXPENSE CATEGORY	DESCRIPTION
GLOBAL IT SPENDING DIGITAL TRANSFORMATION DEMAND AI & AUTOMATION ADOPTION LONG TERM CONTRACTS GEOGRAPHIC EXPANSION	HIGH TECH SPENDING INCREASE DEMAND DRIVES CONSULTING & CLOUD REVENUE EXPANDS HIGH MARGIN SERVICE PROSPECT CREATES STABLE RECURRING REVENUE INCREASES GLOBAL MARKET SHARE	EMPLOYEE COST INFRASTRUCTURE COST TECHNOLOGY INVESTMENT SALES & MARKETING D & A	SALARIES, TRAINING, BENEFITS OFFICES, DATA CENTERS, CLOUD INFRA. AI, CYBERSECURITY, AUTOMATION CLIENT ACQUISITION & BRANDING TECHNOLOGY & INFRA. ASSETS

THE COMPANY DERIVES A SUBSTANTIAL SHARE OF REVENUE FROM INTERNATIONAL MARKETS, ESPECIALLY NORTH AMERICA AND EUROPE. LARGE ENTERPRISE CLIENTS CONTRIBUTE SIGNIFICANTLY TO REVENUES THROUGH LONG-DURATION CONTRACTS AND RECURRING SERVICE AGREEMENTS.	EMPLOYEE EXPENSES REMAIN ONE OF THE MOST CRITICAL PROFITABILITY DRIVERS BECAUSE WAGE INFLATION DIRECTLY IMPACTS OPERATING MARGINS. ADDITIONALLY, INVESTMENTS IN EMERGING TECHNOLOGIES SUCH AS AI, CYBERSECURITY, AND CLOUD COMPUTING ARE ESSENTIAL.
---	---

WIPRO OPERATES IN ONE OF THE MOST COMPETITIVE SEGMENTS OF THE GLOBAL TECHNOLOGY INDUSTRY, COMPETING WITH BOTH INDIAN IT SERVICE PROVIDERS AND MULTINATIONAL CONSULTING FIRMS. THE COMPANY'S COMPETITIVE POSITIONING IS BUILT AROUND ITS DIVERSIFIED SERVICE PORTFOLIO, GLOBAL DELIVERY CAPABILITIES, LONG-TERM ENTERPRISE RELATIONSHIPS, AND INCREASING FOCUS ON DIGITAL TRANSFORMATION TECHNOLOGIES SUCH AS CLOUD COMPUTING, CYBERSECURITY, ARTIFICIAL INTELLIGENCE, AND ANALYTICS. THE GLOBAL IT SERVICES INDUSTRY IS HIGHLY DEPENDENT ON ENTERPRISE TECHNOLOGY SPENDING, OUTSOURCING DEMAND, AND DIGITAL TRANSFORMATION INITIATIVES. AS BUSINESSES ACROSS INDUSTRIES CONTINUE MODERNIZING OPERATIONS AND ADOPTING ADVANCED TECHNOLOGIES, COMPANIES LIKE WIPRO COMPETE TO SECURE LONG-TERM CONTRACTS, MANAGED SERVICE AGREEMENTS, AND CONSULTING ENGAGEMENTS. WIPRO'S ABILITY TO PROVIDE END-TO-END TECHNOLOGY SOLUTIONS ACROSS CONSULTING, IMPLEMENTATION, AND OPERATIONAL MANAGEMENT STRENGTHENS ITS POSITION WITHIN THE INDUSTRY.

INDUSTRY OVERVIEW

THE GLOBAL IT SERVICES INDUSTRY IS ONE OF THE FASTEST-GROWING SECTORS IN THE WORLD, DRIVEN BY INCREASING DIGITAL TRANSFORMATION, CLOUD ADOPTION, ARTIFICIAL INTELLIGENCE, CYBERSECURITY, AND DATA ANALYTICS DEMAND. BUSINESSES ACROSS INDUSTRIES ARE INVESTING HEAVILY IN TECHNOLOGY TO IMPROVE OPERATIONAL EFFICIENCY, REDUCE COSTS, ENHANCE CUSTOMER EXPERIENCE, AND AUTOMATE BUSINESS PROCESSES. THE INDUSTRY INCLUDES SERVICES SUCH AS IT CONSULTING, CLOUD COMPUTING, APPLICATION DEVELOPMENT, INFRASTRUCTURE MANAGEMENT, CYBERSECURITY, AND AI-DRIVEN SOLUTIONS.

INDIA PLAYS A SIGNIFICANT ROLE IN THE GLOBAL IT SERVICES MARKET DUE TO ITS LARGE SKILLED WORKFORCE, COST COMPETITIVENESS, AND STRONG OUTSOURCING ECOSYSTEM. INDIAN IT COMPANIES LIKE WIPRO, TCS, INFOSYS, AND HCLTECH SERVE CLIENTS ACROSS BANKING, HEALTHCARE, RETAIL, MANUFACTURING, TELECOM, AND OTHER SECTORS WORLDWIDE. THE INDUSTRY BENEFITS FROM RISING ENTERPRISE TECHNOLOGY SPENDING, INCREASING CLOUD MIGRATION, GROWING CYBERSECURITY THREATS, AND RAPID ADOPTION OF GENERATIVE AI SOLUTIONS.

HOWEVER, THE INDUSTRY ALSO FACES CHALLENGES SUCH AS INTENSE COMPETITION, PRICING PRESSURE, EMPLOYEE ATTRITION, WAGE INFLATION, CURRENCY FLUCTUATIONS, AND SLOWDOWN IN GLOBAL IT SPENDING DURING ECONOMIC UNCERTAINTY. DESPITE THESE CHALLENGES, LONG-TERM INDUSTRY GROWTH REMAINS STRONG DUE TO CONTINUOUS TECHNOLOGICAL INNOVATION AND INCREASING DEPENDENCE ON DIGITAL INFRASTRUCTURE GLOBALLY. OBSERVATION SUGGESTS THAT ALMOST 1/4 TH OF GLOBAL IT REVENUE IS DERIVED FROM INDIAN IT COMPANIES, WHICH SHOWCASES POTENTIAL OF INDIAN IT SECTOR.

INDUSTRY POSTIONING

-------	--------	-------	-------	--------	--------	--------	--------	--------

APART FROM WIPRO, TCS, PERSISTENT SYSTEMS & TECH MAHINDRA ALL THE OTHER PEER COMPANIES ARE UNDERVALUED ACCORDING TO WEIGHTAGE METHOD (NOTE : ALSO ONE THING TO CONSIDER IS IF WE LOOK AT AVERAGE P/E, EV/EBITDA, EV/REVENUE WE CAN OBSERVE THAT WIPRO REMAINS UNDERVALUED IN ALL THE RESPECTIVE VALUATIONS, WHERE PERSISTENT SYSTEMS SEEMS TO BE OVERVALUED IN ALL THE SCENARIOS) ALSO WE NOTICE THAT OUT OF WHOLE REVENUE OF IT INDUSTRY WITHIN INDIA WIPRO CONSIST 3.8% OF THAT ON AVERAGE BUT IT SEEMS TO BE DECLINING. COMPANIES LIKE TCS, INFOSYS, HCL TECH ARE THE ONE'S WHO SHARES MOST OF THE REVENUE FROM INDIAN IT SECTOR, ALMOST 20 TO 23 PERCENT OF GLOBAL IT REVENUE IS COMING FROM INDIAN IT COMPANIES WHICH MEANS WITH NEW ADAPTION OF AI INDIAN COMPANIES WILL CERTAINLY GROW ON GLOBAL SCALE.

WIPRO'S PRESENCE IN INDIA

DELIVERING INNOVATION AND IMPACT ACROSS THE LENGTH AND BREADTH OF INDIA.

FROM METROS TO EMERGING CITIES, WIPRO IS COMMITTED TO BUILDING A DIGITAL INDIA BY POWERING BUSINESSES, ENABLING COMMUNITIES, AND SHAPING THE FUTURE.

LOCAL PRESENCE.
GLOBAL EXCELLENCE.
SUSTAINABLE FUTURE.

WHERE WIPRO OPERATES THE MOST

- 1** **WIPRO IN BANGALURU, KARNATAKA**
WIPRO'S LARGEST HUB IN INDIA,
HOME TO WIPRO'S GLOBAL HEADQUARTERS.

 - 2** **WIPRO IN HYDERABAD, TELANGANA**
A MAJOR DELIVERY AND INNOVATION HUB
POWERING GLOBAL TRANSFORMATION.

 - 3** **WIPRO IN CHENNAI, TAMIL NADU**
A KEY CENTER FOR TECHNOLOGY EXCELLENCE
AND TALENT.

 - 4** **WIPRO IN MUMBAI, MAHARASHTRA**
DRIVING CLIENT SUCCESS FROM
INDIA'S FINANCIAL CAPITAL.

 - 5** **WIPRO IN KOLKATA, WEST BENGAL**
DELIVERING INNOVATION AND SERVICES
FROM EASTERN INDIA.

INDUSTRIES SERVED BY WIPRO

WIPRO'S PRESENCE IN THE WORLD

DELIVERING INNOVATION AND IMPACT ACROSS THE GLOBE.

INDUSTRIES WE SERVE

GLOBAL SCALE.
LOCAL INTELLIGENCE.
LASTING IMPACT.

POWERING BUSINESSES AND COMMUNITIES
THROUGH INNOVATION, TALENT
AND TECHNOLOGY.

**BUILDING A SUSTAINABLE FUTURE
FOR OUR PEOPLE, PLANET
AND PARTNERS.**

WIPRO'S GLOBAL FOOTPRINT

KEY REGIONS WE SERVE

-  **NORTH AMERICA**
Strong presence across the U.S. and Canada serving diverse industries.
 -  **EUROPE**
Deep client partnerships across UK, Continental Europe and Nordics.
 -  **ASIA PACIFIC**
Innovation hubs across APAC driving digital transformation for global clients.
 -  **MIDDLE EAST**
Enabling businesses in the MEA region with technology and consulting excellence.
 -  **AFRICA**
Expanding footprint and delivering impact across key African markets.
 -  **LATIN AMERICA**
Growing presence and delivering value across LATAM.

ABOVE FORECASTING IS FOR BASE CASE ONLY, WE HAVE NOT INCLUDED BEST AND WORST CASE FROM OUR FINANCIAL MODEL

FROM MARCH 2024 TO MARCH 2025, THE INDEXED STOCK PRICE PERFORMANCE OF THE SIX MAJOR INDIAN IT COMPANIES – WIPRO, TATA CONSULTANCY SERVICES (TCS), INFOSYS, HCL TECHNOLOGIES, TECH MAHINDRA, AND PERSISTENT SYSTEMS – SHOWS SIGNIFICANT DIVERGENCE IN INVESTOR SENTIMENT AND GROWTH EXPECTATIONS. SINCE ALL COMPANIES WERE INDEXED TO A BASE VALUE OF 100 IN MARCH 2024, THE MOVEMENT IN PRICES CLEARLY HIGHLIGHTS RELATIVE OUTPERFORMANCE AND UNDERPERFORMANCE OVER THE ONE-YEAR PERIOD.

AMONG ALL COMPANIES, PERSISTENT SYSTEMS EMERGED AS THE STRONGEST PERFORMER. ITS INDEXED VALUE INCREASED FROM 100 IN MARCH 2024 TO NEARLY 140–160 LEVELS DURING MARCH 2025, INDICATING EXCEPTIONAL MOMENTUM AND STRONG INVESTOR CONFIDENCE. THE COMPANY CONSISTENTLY TRADED ABOVE PEERS THROUGHOUT THE YEAR AND DISPLAYED THE STEEPEST UPWARD TREND. THIS PERFORMANCE REFLECTS MARKET OPTIMISM REGARDING PERSISTENT SYSTEMS' HIGH-GROWTH DIGITAL ENGINEERING AND CLOUD SERVICES BUSINESS MODEL. THE STOCK EXPERIENCED ONLY MINOR CORRECTIONS DURING THE YEAR, SUGGESTING SUSTAINED BUYING INTEREST AND STRONG EARNINGS EXPECTATIONS.

INFOSYS AND HCL TECHNOLOGIES ALSO DEMONSTRATED STRONG PRICE APPRECIATION DURING THE PERIOD. INFOSYS MOVED FROM THE BASE LEVEL OF 100 TO AROUND 125–130+ BY MARCH 2025, SHOWING STABLE UPWARD MOVEMENT WITH RELATIVELY LOWER VOLATILITY. HCL TECHNOLOGIES FOLLOWED A SIMILAR TRAJECTORY AND MAINTAINED CONSISTENT GAINS THROUGHOUT THE YEAR. BOTH COMPANIES BENEFITED FROM RESILIENT DEMAND IN DIGITAL TRANSFORMATION, CLOUD COMPUTING, AND AI-RELATED SERVICES. THEIR STOCK MOVEMENTS INDICATE THAT INVESTORS VIEWED THEM AS STABLE GROWTH-ORIENTED IT COMPANIES CAPABLE OF DELIVERING RELIABLE EARNINGS GROWTH DESPITE GLOBAL ECONOMIC UNCERTAINTIES.

TECH MAHINDRA SHOWED MODERATE-TO-STRONG RECOVERY DURING THE YEAR. STARTING FROM THE BASE VALUE OF 100, THE STOCK GRADUALLY IMPROVED AND CROSSED 120 LEVELS IN MULTIPLE PERIODS. HOWEVER, COMPARED TO INFOSYS OR PERSISTENT SYSTEMS, ITS MOVEMENT WAS MORE VOLATILE, REFLECTING CONCERNS ABOUT SLOWER RECOVERY IN TELECOM AND ENTERPRISE SPENDING. DESPITE FLUCTUATIONS, THE OVERALL TREND REMAINED POSITIVE, SUGGESTING IMPROVING MARKET SENTIMENT TOWARD THE COMPANY DURING THE LATER PART OF THE FINANCIAL YEAR.

WIPRO'S PERFORMANCE WAS COMPARATIVELY WEAKER THAN MOST PEERS, ALTHOUGH IT STILL SHOWED APPRECIATION OVER THE PERIOD. THE STOCK MOVED FROM 100 IN MARCH 2024 TO AROUND 120–130 LEVELS DURING MARCH 2025. HOWEVER, ITS GROWTH PACE REMAINED SLOWER AND MORE INCONSISTENT COMPARED TO INFOSYS, HCL TECHNOLOGIES, AND PERSISTENT SYSTEMS. SEVERAL PERIODS DURING THE YEAR SHOWED PULLBACKS AND SIDEWAYS MOVEMENT, INDICATING CAUTIOUS INVESTOR SENTIMENT. THE MARKET APPEARED CONCERNED ABOUT SLOWER REVENUE GROWTH, WEAKER DEAL MOMENTUM, AND EXECUTION CHALLENGES RELATIVE TO LARGER PEERS.

TCS DISPLAYED THE MOST STABLE AND DEFENSIVE PERFORMANCE AMONG THE COMPANIES. WHILE ITS UPSIDE WAS RELATIVELY LIMITED COMPARED TO HIGH-GROWTH PLAYERS LIKE PERSISTENT SYSTEMS, THE STOCK MAINTAINED STEADY MOVEMENT WITH LOWER VOLATILITY. THE INDEXED VALUES GENERALLY REMAINED BETWEEN 100 AND 115 LEVELS FOR MUCH OF THE YEAR. THIS SUGGESTS THAT INVESTORS VIEWED TCS AS A MATURE, STABLE IT LEADER WITH PREDICTABLE EARNINGS AND LOWER RISK RATHER THAN A HIGH-GROWTH OPPORTUNITY.

OVERALL, THE INDEXED STOCK PRICE ANALYSIS INDICATES THAT MID-TIER DIGITAL-FOCUSED IT FIRMS SUCH AS PERSISTENT SYSTEMS SIGNIFICANTLY OUTPERFORMED TRADITIONAL LARGE-CAP IT COMPANIES DURING FY24–FY25. INVESTORS REWARDED COMPANIES WITH STRONGER EXPOSURE TO DIGITAL ENGINEERING, CLOUD SERVICES, AND AI-DRIVEN TRANSFORMATION. MEANWHILE, MATURE IT FIRMS LIKE TCS AND WIPRO EXHIBITED COMPARATIVELY MODERATE GAINS DUE TO SLOWER GROWTH EXPECTATIONS AND CAUTIOUS GLOBAL IT SPENDING TRENDS. OVERALL WIPRO DEMONSTRATED MODERATE BUT COMPARATIVELY SLOWER STOCK PRICE GROWTH DURING FY24–FY25, REFLECTING CAUTIOUS INVESTOR SENTIMENT, WEAKER MOMENTUM THAN PEERS, AND CONCERNS REGARDING REVENUE GROWTH, OPERATIONAL EXECUTION, AND OVERALL COMPETITIVE POSITIONING IN THE IT SECTOR.

INDIA'S GDP GROWTH

USA GDP GROWTH

WE ARE LOOKING AT BOTH THE GDP'S OF INDIA & USA IS BECAUSE WIPRO HAS STRONG PRESENCE IN INDIA AS WELL AS USA, SO CHANGES IN BOTH THE GDP'S AFFECT PROFITABILITY OF WIPRO AS WELL, BY LOOKING AT ESTIMATION IT SUGGESTS THAT GROWTH RATE FOR BOTH GDP'S WILL DECLINE SIGNIFICANTLY.

KEY TAKEAWAYS FROM CONCALL 2025 (APRIL)

MACROECONOMIC ENVIRONMENT AND CLIENT SPENDING

MANAGEMENT HIGHLIGHTED THAT THE GLOBAL MACROECONOMIC ENVIRONMENT REMAINED UNCERTAIN THROUGHOUT FY25, WITH RECENT TARIFF-RELATED DEVELOPMENTS FURTHER IMPACTING CLIENT SENTIMENT. CLIENTS ACROSS INDUSTRIES ARE BECOMING INCREASINGLY CAUTIOUS AND ARE DELAYING DISCRETIONARY TECHNOLOGY SPENDING AND LARGE TRANSFORMATION PROJECTS. ACCORDING TO MANAGEMENT, BUSINESSES ARE CURRENTLY ADOPTING A "WAIT-AND-WATCH" APPROACH UNTIL THERE IS GREATER CLARITY REGARDING GLOBAL TRADE AND ECONOMIC CONDITIONS. THIS CAUTIOUS ENVIRONMENT IS EXPECTED TO CONTINUE IMPACTING REVENUE GROWTH IN THE NEAR TERM.

WEAKNESS IN CONSUMER AND MANUFACTURING SECTORS

WIPRO INDICATED THAT THE CONSUMER, MANUFACTURING, AUTOMOTIVE, AND INDUSTRIAL SECTORS ARE WITNESSING THE HIGHEST LEVEL OF PRESSURE DUE TO MACROECONOMIC UNCERTAINTY AND TARIFF-RELATED CONCERNS. MANAGEMENT STATED THAT SEVERAL CLIENTS IN THESE INDUSTRIES ARE PAUSING OR DELAYING TRANSFORMATION PROGRAMS AND REDUCING SPENDING VISIBILITY. AN EXAMPLE SHARED DURING THE CALL INVOLVED A LARGE SAP TRANSFORMATION PROGRAM IN THE CONSUMER SECTOR THAT WAS TEMPORARILY PAUSED BECAUSE OF UNCERTAINTY SURROUNDING TARIFFS.

STRENGTH IN BFSI AND CAPCO BUSINESS

DESPITE THE WEAK MACRO ENVIRONMENT, THE BFSI VERTICAL REMAINED RELATIVELY RESILIENT DURING THE QUARTER. MANAGEMENT HIGHLIGHTED STRONG TRACTION IN THE U.S. AND APMEA REGIONS ALONG WITH CONTINUED MOMENTUM IN CAPCO'S CONSULTING BUSINESS. THE COMPANY ALSO MENTIONED HEALTHY OPPORTUNITIES IN AREAS SUCH AS APPLICATIONS MODERNIZATION, CYBERSECURITY, BUSINESS PROCESS SERVICES, INSURANCE PLATFORM DIGITIZATION, AND AI-POWERED FINANCIAL SOLUTIONS. CAPCO CONTINUED TO PERFORM STRONGLY BOTH IN TERMS OF REVENUE GROWTH AND ORDER BOOKINGS, PROVIDING STABILITY TO THE BFSI SEGMENT.

EUROPE REMAINS THE KEY CHALLENGE

MANAGEMENT ACKNOWLEDGED THAT EUROPE CONTINUES TO BE THE WEAKEST GEOGRAPHY FOR WIPRO. THE REGION EXPERIENCED SLOWER TRANSFORMATION SPENDING, PROJECT DELAYS, AND MARGIN PRESSURE DURING FY25. HOWEVER, THE COMPANY STATED THAT IT HAS IMPLEMENTED LEADERSHIP CHANGES IN EUROPE AND IS SEEING IMPROVEMENT IN THE DEAL PIPELINE. WIPRO ALSO EXPECTS RECENTLY WON LARGE CONTRACTS, INCLUDING THE PHENIX DEAL, TO BEGIN CONTRIBUTING MEANINGFULLY FROM THE SECOND HALF OF FY26. MANAGEMENT EMPHASIZED THAT RECOVERY IN EUROPE REMAINS A CRITICAL FACTOR FOR OVERALL COMPANY PERFORMANCE.

STRONG LARGE DEAL MOMENTUM

WIPRO REPORTED STRONG MOMENTUM IN LARGE DEAL WINS DURING FY25. THE COMPANY CLOSED 63 LARGE DEALS WITH A TOTAL CONTRACT VALUE (TCV) OF APPROXIMATELY \$5.4 BILLION, REPRESENTING 17.5% YOY GROWTH. MANAGEMENT HIGHLIGHTED THAT THE LARGE DEAL ENGINE IS FUNCTIONING EFFECTIVELY AND CONTINUES TO GENERATE STRONG OPPORTUNITIES ACROSS SECTORS AND GEOGRAPHIES. HOWEVER, THE COMPANY CLARIFIED THAT LARGE TRANSFORMATION DEALS REQUIRE TIME TO RAMP UP, RESULTING IN SLOWER REVENUE CONVERSION IN THE SHORT TERM.

ARTIFICIAL INTELLIGENCE AS A STRATEGIC GROWTH DRIVER

ARTIFICIAL INTELLIGENCE WAS ONE OF THE MOST IMPORTANT THEMES DISCUSSED DURING THE CONCALL. MANAGEMENT STATED THAT AI HAS NOW BECOME CENTRAL TO ALMOST EVERY CLIENT DISCUSSION AND DEAL OPPORTUNITY. WIPRO IS POSITIONING ITSELF AS A CONSULTING-LED, AI-POWERED TRANSFORMATION COMPANY FOCUSED ON AUTOMATION, PRODUCTIVITY ENHANCEMENT, CYBERSECURITY, PREDICTIVE MAINTENANCE, AND AI-LED INFRASTRUCTURE MODERNIZATION. MANAGEMENT ALSO EXPLAINED THAT AI IS HELPING CLIENTS IMPROVE EFFICIENCY WHILE SIMULTANEOUSLY CREATING NEW REVENUE OPPORTUNITIES FOR THE COMPANY.

MARGIN OUTLOOK AND COST OPTIMIZATION

DESPITE REVENUE PRESSURE, WIPRO REMAINS FOCUSED ON PROTECTING PROFITABILITY AND MAINTAINING MARGINS WITHIN A NARROW RANGE. MANAGEMENT HIGHLIGHTED SEVERAL OPERATIONAL LEVERS INCLUDING UTILIZATION IMPROVEMENT, REDUCTION IN BENCH COSTS, PRODUCTIVITY ENHANCEMENT IN FIXED-PRICE PROJECTS, AND OPTIMIZATION OF FIXED EXPENSES AND OVERHEADS. THE COMPANY ALSO CLARIFIED THAT IT CONTINUES TO INVEST IN STRATEGIC GROWTH AREAS SUCH AS SALES, CONSULTING, AI, AND INDUSTRY SOLUTIONS WHILE SIMULTANEOUSLY IMPROVING OPERATIONAL EFFICIENCY.

FY26 REVENUE GUIDANCE AND OUTLOOK

FOR Q1 FY26, WIPRO GUIDED FOR IT SERVICES REVENUE GROWTH IN THE RANGE OF -3.5% TO -1.5% QOQ IN CONSTANT CURRENCY TERMS, REFLECTING CONTINUED WEAKNESS IN CLIENT SPENDING AND MACROECONOMIC UNCERTAINTY. MANAGEMENT EXPECTS THE FIRST HALF OF FY26 TO REMAIN CHALLENGING; HOWEVER, GRADUAL IMPROVEMENT IS ANTICIPATED IN THE SECOND HALF OF THE YEAR DUE TO LARGE DEAL RAMP-UPS, IMPROVING DEMAND VISIBILITY, AI-LED OPPORTUNITIES, AND EXPECTED STABILIZATION IN EUROPE. OVERALL, MANAGEMENT COMMENTARY SUGGESTS THAT FY26 MAY REMAIN A TRANSITION YEAR BEFORE STRONGER GROWTH RECOVERY MATERIALIZES IN SUBSEQUENT YEARS. ADDITIONALLY, MANAGEMENT EMPHASIZED THAT THE COMPANY'S STRONG DEAL PIPELINE, CONTINUED INVESTMENTS IN AI CAPABILITIES, CONSULTING-LED SOLUTIONS, AND FOCUS ON OPERATIONAL EFFICIENCY ARE EXPECTED TO SUPPORT LONG-TERM GROWTH RECOVERY. WIPRO ALSO AIMS TO STRENGTHEN CLIENT RELATIONSHIPS, IMPROVE EXECUTION QUALITY, AND CAPITALIZE ON INCREASING DEMAND FOR AI-DRIVEN DIGITAL TRANSFORMATION SERVICES ACROSS KEY INDUSTRIES AND GEOGRAPHIES.

OVERALL CONCLUSION

OVERALL, WIPRO'S Q4 FY25 EARNINGS CONCALL INDICATES THAT THE COMPANY IS CURRENTLY OPERATING IN A CHALLENGING MACROECONOMIC ENVIRONMENT CHARACTERIZED BY CAUTIOUS CLIENT SPENDING, DELAYED DISCRETIONARY PROJECTS, AND UNCERTAINTY ARISING FROM GLOBAL TARIFF-RELATED DEVELOPMENTS. WHILE NEAR-TERM REVENUE GROWTH REMAINS UNDER PRESSURE, MANAGEMENT EMPHASIZED THAT THE WEAKNESS IS PRIMARILY DUE TO DELAYS IN DECISION-MAKING RATHER THAN A STRUCTURAL DECLINE IN TECHNOLOGY DEMAND. THE COMPANY CONTINUES TO WITNESS STRONG MOMENTUM IN LARGE DEAL WINS, PARTICULARLY IN AI-LED TRANSFORMATION PROGRAMS, CONSULTING, AND INFRASTRUCTURE MODERNIZATION SERVICES.

BFSI AND CAPCO REMAINED RELATIVELY RESILIENT DURING THE QUARTER, WHILE EUROPE, CONSUMER, AND MANUFACTURING SECTORS CONTINUED TO FACE PRESSURE. MANAGEMENT IDENTIFIED EUROPE AS THE PRIMARY AREA REQUIRING STABILIZATION AND EXPECTS GRADUAL RECOVERY BEGINNING IN THE SECOND HALF OF FY26 THROUGH LEADERSHIP CHANGES AND RAMP-UP OF RECENTLY SECURED LARGE CONTRACTS.

WIPRO ALSO HIGHLIGHTED ARTIFICIAL INTELLIGENCE AS A MAJOR LONG-TERM GROWTH DRIVER, WITH AI BECOMING CENTRAL TO ALMOST EVERY CLIENT ENGAGEMENT. DESPITE WEAK NEAR-TERM GUIDANCE, THE COMPANY REMAINS FOCUSED ON MAINTAINING PROFITABILITY THROUGH COST OPTIMIZATION, PRODUCTIVITY IMPROVEMENTS, AND OPERATIONAL EFFICIENCY MEASURES.

IN CONCLUSION, FY26 IS EXPECTED TO REMAIN A TRANSITION YEAR FOR WIPRO, WITH GRADUAL RECOVERY ANTICIPATED IN THE LATER PART OF THE YEAR SUPPORTED BY STRONG DEAL PIPELINES, AI-LED DEMAND, AND IMPROVING BUSINESS MOMENTUM.

AT FIRST GLANCE, THERE APPEARS TO BE A NOTICEABLE DIFFERENCE BETWEEN WIPRO'S MANAGEMENT COMMENTARY DURING THE Q4 FY25 EARNINGS CONCALL AND THE RECOMMENDATIONS PROVIDED BY ANALYSTS AND BROKERAGES. DURING THE CONCALL, MANAGEMENT ADOPTED A CAUTIOUS TONE REGARDING THE NEAR-TERM BUSINESS ENVIRONMENT. THE COMPANY HIGHLIGHTED MACROECONOMIC UNCERTAINTY, TARIFF-RELATED CONCERNS, DELAYED DISCRETIONARY SPENDING, AND SLOWER DECISION-MAKING BY CLIENTS ACROSS INDUSTRIES. WIPRO ALSO GUIDED FOR WEAK Q1 FY26 REVENUE GROWTH IN THE RANGE OF -3.5% TO -1.5% QOQ IN CONSTANT CURRENCY TERMS, INDICATING THAT DEMAND CONDITIONS REMAIN CHALLENGING IN THE SHORT TERM. MANAGEMENT FURTHER STATED THAT SECTORS SUCH AS CONSUMER, MANUFACTURING, AUTOMOTIVE, AND EUROPE CONTINUE TO FACE PRESSURE DUE TO ONGOING ECONOMIC UNCERTAINTY AND CAUTIOUS ENTERPRISE SPENDING.

DESPITE THIS CAUTIOUS OUTLOOK, A MAJORITY OF ANALYSTS MAINTAINED "BUY," "ADD," OR "HOLD" RECOMMENDATIONS RATHER THAN ISSUING OUTRIGHT "SELL" CALLS. THIS APPARENT CONTRADICTION CAN BE EXPLAINED BY THE DIFFERENCE BETWEEN SHORT-TERM OPERATIONAL PERFORMANCE AND LONG-TERM INVESTMENT EXPECTATIONS. WHILE MANAGEMENT COMMENTARY PRIMARILY FOCUSES ON CURRENT BUSINESS VISIBILITY AND NEAR-TERM REVENUE TRENDS, ANALYSTS GENERALLY EVALUATE COMPANIES BASED ON MEDIUM- TO LONG-TERM EARNINGS POTENTIAL, VALUATION ATTRACTIVENESS, COMPETITIVE POSITIONING, AND FUTURE GROWTH DRIVERS.

ONE OF THE PRIMARY REASONS BEHIND POSITIVE ANALYST SENTIMENT IS WIPRO'S STRONG LARGE-DEAL MOMENTUM. THE COMPANY REPORTED 63 LARGE DEALS DURING FY25 WITH A TOTAL CONTRACT VALUE (TCV) OF APPROXIMATELY \$5.4 BILLION, REFLECTING STRONG YEAR-ON-YEAR GROWTH. ALTHOUGH MANAGEMENT CLARIFIED THAT REVENUE CONVERSION FROM THESE LARGE TRANSFORMATION DEALS MAY TAKE TIME, ANALYSTS BELIEVE THAT THESE CONTRACTS PROVIDE STRONG VISIBILITY FOR FUTURE GROWTH. LARGE DEALS TYPICALLY RAMP UP GRADUALLY OVER SEVERAL QUARTERS, MEANING THEIR FINANCIAL CONTRIBUTION IS EXPECTED TO BECOME MORE VISIBLE DURING H2 FY26 AND FY27. THEREFORE, ANALYSTS ARE FOCUSING MORE ON FUTURE REVENUE RECOVERY RATHER THAN TEMPORARY WEAKNESS IN THE FIRST HALF OF FY26.

ANOTHER IMPORTANT FACTOR SUPPORTING ANALYST CONFIDENCE IS WIPRO'S INCREASING FOCUS ON ARTIFICIAL INTELLIGENCE (AI) AND CONSULTING-LED TRANSFORMATION SERVICES. MANAGEMENT REPEATEDLY EMPHASIZED THAT AI HAS NOW BECOME CENTRAL TO CLIENT DISCUSSIONS AND DEAL OPPORTUNITIES. ANALYSTS VIEW THIS AS A POSITIVE LONG-TERM STRUCTURAL TREND BECAUSE ENTERPRISES GLOBALLY ARE EXPECTED TO INCREASE INVESTMENTS IN AI-DRIVEN AUTOMATION, CLOUD MODERNIZATION, CYBERSECURITY, AND DIGITAL TRANSFORMATION OVER THE NEXT SEVERAL YEARS. WIPRO'S STRATEGY OF POSITIONING ITSELF AS A CONSULTING-LED, AI-POWERED TECHNOLOGY COMPANY IS THEREFORE SEEN AS A POTENTIAL GROWTH CATALYST THAT COULD IMPROVE THE COMPANY'S COMPETITIVE POSITIONING OVER TIME.

IN ADDITION, ANALYSTS REMAIN ENCOURAGED BY THE RELATIVELY RESILIENT PERFORMANCE OF THE BFSI SEGMENT AND CAPCO BUSINESS. BFSI CONTINUES TO BE ONE OF WIPRO'S MOST IMPORTANT VERTICALS AND REMAINS RELATIVELY STABLE DESPITE MACROECONOMIC CHALLENGES. CAPCO ALSO DELIVERED STRONG GROWTH AND HEALTHY ORDER MOMENTUM DURING FY25, INDICATING THAT DEMAND FOR CONSULTING AND FINANCIAL TRANSFORMATION SERVICES REMAINS INTACT. THESE SEGMENTS ARE EXPECTED TO PARTIALLY OFFSET WEAKNESS IN MORE CHALLENGED VERTICALS SUCH AS CONSUMER AND MANUFACTURING.

ANOTHER MAJOR REASON FOR THE FAVORABLE ANALYST RECOMMENDATIONS IS VALUATION COMFORT. BY MARCH 2025, WIPRO HAD ALREADY UNDERPERFORMED SEVERAL PEERS OVER THE PREVIOUS FEW YEARS DUE TO WEAK REVENUE GROWTH AND EXECUTION CHALLENGES. AS A RESULT, THE STOCK WAS TRADING AT RELATIVELY LOWER VALUATION MULTIPLES COMPARED TO SOME COMPETITORS IN THE INDIAN IT SECTOR. MANY ANALYSTS THEREFORE BELIEVE THAT A SIGNIFICANT PORTION OF THE NEAR-TERM WEAKNESS IS ALREADY REFLECTED IN THE STOCK PRICE. THIS CREATES A SITUATION WHERE EVEN MODERATE IMPROVEMENT IN EXECUTION, EUROPE RECOVERY, AI-LED DEAL CONVERSION, OR MARGIN STABILITY COULD POTENTIALLY LEAD TO MEANINGFUL UPSIDE IN EARNINGS AND STOCK VALUATION.

FURTHERMORE, ANALYSTS MAY ALSO BE TAKING INTO ACCOUNT MANAGEMENT'S CONFIDENCE REGARDING GRADUAL RECOVERY IN H2 FY26. ALTHOUGH THE COMPANY ACKNOWLEDGED WEAKNESS IN THE NEAR TERM, MANAGEMENT REPEATEDLY HIGHLIGHTED A STRONG DEAL PIPELINE, IMPROVING CLIENT ENGAGEMENT, LEADERSHIP CHANGES IN EUROPE, AND CONTINUED INVESTMENTS IN STRATEGIC GROWTH AREAS SUCH AS AI, CONSULTING, AND DIGITAL TRANSFORMATION. ANALYSTS LIKELY INTERPRET THESE DEVELOPMENTS AS EARLY SIGNS OF STABILIZATION RATHER THAN STRUCTURAL DETERIORATION IN THE BUSINESS MODEL.

OVERALL, THE DIFFERENCE BETWEEN MANAGEMENT COMMENTARY AND ANALYST RECOMMENDATIONS MAINLY REFLECTS THE DIFFERENCE BETWEEN SHORT-TERM OPERATIONAL CAUTION AND LONG-TERM INVESTMENT EXPECTATIONS. WHILE MANAGEMENT IS FOCUSED ON NAVIGATING NEAR-TERM MACROECONOMIC CHALLENGES AND WEAK DISCRETIONARY SPENDING, ANALYSTS ARE EVALUATING WIPRO'S FUTURE GROWTH POTENTIAL, DEAL PIPELINE STRENGTH, AI OPPORTUNITIES, VALUATION ATTRACTIVENESS, AND EXPECTED RECOVERY IN THE SECOND HALF OF FY26 AND BEYOND. ADDITIONALLY, ANALYSTS MAY ALSO BE CONSIDERING WIPRO'S STRONG BALANCE SHEET, HEALTHY CASH RESERVES, AND CONSISTENT MARGIN MANAGEMENT CAPABILITIES DURING UNCERTAIN MARKET CONDITIONS. THE COMPANY'S FOCUS ON OPERATIONAL EFFICIENCY, COST OPTIMIZATION, AND PRODUCTIVITY IMPROVEMENTS PROVIDES ADDITIONAL CONFIDENCE THAT PROFITABILITY CAN REMAIN STABLE EVEN DURING PERIODS OF SLOWER REVENUE GROWTH, SUPPORTING LONG-TERM SHAREHOLDER VALUE CREATION.

WIPRO'S OVERALL BUSINESS PERFORMANCE AND LONG-TERM OUTLOOK INDICATE THAT THE COMPANY IS CURRENTLY POSITIONED IN A TRANSITIONAL PHASE WITHIN THE GLOBAL IT SERVICES INDUSTRY. OVER THE PAST FIVE YEARS, WIPRO HAS EXPERIENCED BOTH PERIODS OF STRONG EXPANSION AND PHASES OF SLOWER GROWTH DUE TO CHANGING GLOBAL ECONOMIC CONDITIONS, EVOLVING ENTERPRISE TECHNOLOGY SPENDING PATTERNS, AND INCREASING COMPETITION WITHIN THE IT SECTOR. DESPITE SHORT-TERM OPERATIONAL CHALLENGES, THE COMPANY CONTINUES TO MAINTAIN A STRONG MARKET PRESENCE SUPPORTED BY ITS DIVERSIFIED SERVICE PORTFOLIO, GLOBAL DELIVERY CAPABILITIES, HEALTHY BALANCE SHEET, AND STRATEGIC INVESTMENTS IN DIGITAL TRANSFORMATION TECHNOLOGIES.

HISTORICALLY, WIPRO BENEFITED SIGNIFICANTLY FROM THE POST-PANDEMIC ACCELERATION IN GLOBAL DIGITAL TRANSFORMATION SPENDING. BUSINESSES ACROSS INDUSTRIES INCREASED INVESTMENTS IN CLOUD COMPUTING, CYBERSECURITY, ANALYTICS, AUTOMATION, AND REMOTE INFRASTRUCTURE SOLUTIONS, WHICH SUPPORTED STRONG REVENUE GROWTH BETWEEN FY21 AND FY23. REVENUE INCREASED FROM APPROXIMATELY ₹64,625 CRORE IN FY21 TO ABOVE ₹93,000 CRORE IN FY23 BEFORE STABILIZING DURING FY24 AND FY25 DUE TO WEAKER DISCRETIONARY SPENDING AND GLOBAL MACROECONOMIC UNCERTAINTY. ALTHOUGH REVENUE MOMENTUM SLOWED, THE COMPANY DEMONSTRATED RESILIENCE BY MAINTAINING PROFITABILITY AND IMPROVING OPERATIONAL EFFICIENCY THROUGH COST OPTIMIZATION INITIATIVES AND BETTER RESOURCE UTILIZATION.

THE REPORT HIGHLIGHTS THAT WIPRO DERIVES STRENGTH FROM ITS DIVERSIFIED BUSINESS STRUCTURE AND BROAD INDUSTRY EXPOSURE. THE COMPANY SERVES MULTIPLE SECTORS INCLUDING BANKING AND FINANCIAL SERVICES, HEALTHCARE, MANUFACTURING, RETAIL, TELECOMMUNICATIONS, TRAVEL, PUBLIC SECTOR, AND ENERGY. THIS DIVERSIFICATION REDUCES DEPENDENCY ON ANY SINGLE SECTOR AND PROVIDES STABILITY DURING ECONOMIC SLOWDOWNS AFFECTING SPECIFIC INDUSTRIES. WIPRO'S OPERATIONS ACROSS MORE THAN 60 COUNTRIES AND STRONG PRESENCE IN MAJOR REGIONS SUCH AS NORTH AMERICA, EUROPE, ASIA-PACIFIC, AND THE MIDDLE EAST FURTHER STRENGTHEN ITS ABILITY TO GENERATE LONG-TERM RECURRING BUSINESS. THE VISUAL PRESENCE ANALYSIS IN THE REPORT ALSO DEMONSTRATES WIPRO'S EXTENSIVE OPERATIONAL FOOTPRINT ACROSS INDIA AND GLOBALLY, WITH MAJOR HUBS IN BENGALURU, HYDERABAD, CHENNAI, MUMBAI, EUROPE, AND NORTH AMERICA.

FROM A FINANCIAL PERSPECTIVE, WIPRO'S PROFITABILITY RATIOS AND OPERATIONAL METRICS SUGGEST THAT THE COMPANY REMAINS FUNDAMENTALLY STABLE DESPITE REVENUE HEADWINDS. EBITDA MARGINS RECOVERED TO NEARLY 24.6% IN FY25 AFTER FACING PRESSURE IN PREVIOUS YEARS, INDICATING THAT MANAGEMENT'S FOCUS ON EFFICIENCY IMPROVEMENTS, AUTOMATION, AND COST DISCIPLINE HAS STARTED DELIVERING RESULTS. NET PROFIT ALSO IMPROVED DURING FY25, WHILE RETURN RATIOS SUCH AS ROE, ROIC, AND ROA REMAINED RELATIVELY HEALTHY COMPARED TO INDUSTRY STANDARDS. LIQUIDITY RATIOS SUCH AS CURRENT RATIO AND QUICK RATIO REMAINED STRONG THROUGHOUT THE OBSERVED PERIOD, HIGHLIGHTING THE COMPANY'S ABILITY TO COMFORTABLY MANAGE SHORT-TERM OBLIGATIONS AND MAINTAIN FINANCIAL FLEXIBILITY.

ONE OF THE MOST IMPORTANT LONG-TERM GROWTH DRIVERS IDENTIFIED IN THE REPORT IS ARTIFICIAL INTELLIGENCE AND DIGITAL TRANSFORMATION DEMAND. WIPRO IS INCREASINGLY POSITIONING ITSELF AS A CONSULTING-LED, AI-POWERED TECHNOLOGY COMPANY FOCUSED ON CLOUD MIGRATION, AUTOMATION, CYBERSECURITY, DATA ANALYTICS, AND INFRASTRUCTURE MODERNIZATION. MANAGEMENT COMMENTARY FROM THE Q4 FY25 CONCALL SUGGESTS THAT AI HAS BECOME CENTRAL TO ALMOST EVERY MAJOR CLIENT DISCUSSION AND TRANSFORMATION ENGAGEMENT. THIS IS HIGHLY SIGNIFICANT BECAUSE ENTERPRISES GLOBALLY ARE EXPECTED TO CONTINUE INCREASING INVESTMENTS IN AI-DRIVEN PRODUCTIVITY ENHANCEMENT, PREDICTIVE ANALYTICS, CYBERSECURITY SOLUTIONS, AND AUTOMATION OVER THE COMING DECADE. WIPRO'S ABILITY TO PARTICIPATE IN THIS STRUCTURAL TECHNOLOGY SHIFT COULD BECOME ONE OF THE COMPANY'S KEY LONG-TERM COMPETITIVE ADVANTAGES.

HOWEVER, THE REPORT ALSO CLEARLY IDENTIFIES SEVERAL SHORT-TERM CHALLENGES AND RISKS THAT CONTINUE TO IMPACT WIPRO'S NEAR-TERM GROWTH OUTLOOK. GLOBAL MACROECONOMIC UNCERTAINTY, TARIFF-RELATED CONCERNS, DELAYED CLIENT DECISION-MAKING, AND WEAKER DISCRETIONARY SPENDING REMAIN MAJOR ISSUES AFFECTING ENTERPRISE TECHNOLOGY BUDGETS. MANAGEMENT SPECIFICALLY HIGHLIGHTED WEAKNESS IN EUROPE, CONSUMER-FACING INDUSTRIES, MANUFACTURING, AUTOMOTIVE, AND INDUSTRIAL SECTORS. EUROPE CONTINUES TO REMAIN ONE OF THE COMPANY'S WEAKEST GEOGRAPHIES DUE TO SLOWER TRANSFORMATION SPENDING AND PROJECT DELAYS. ADDITIONALLY, INTENSE COMPETITION FROM LARGER IT COMPANIES SUCH AS TCS, INFOSYS, AND HCL TECHNOLOGIES, ALONG WITH FAST-GROWING DIGITAL-FOCUSED FIRMS LIKE PERSISTENT SYSTEMS, CREATES PRICING PRESSURE AND EXECUTION CHALLENGES FOR WIPRO.

THE VALUATION ANALYSIS WITHIN THE REPORT PRESENTS MIXED CONCLUSIONS. ON ONE SIDE, WIPRO APPEARS UNDERVALUED COMPARED TO SEVERAL PEERS WHEN ANALYZED USING VALUATION MULTIPLES SUCH AS P/E, EV/REVENUE, AND EV/EBITDA. THE STOCK TRADES AT RELATIVELY LOWER MULTIPLES THAN MANY COMPETITORS, REFLECTING WEAKER MARKET SENTIMENT AND SLOWER GROWTH EXPECTATIONS. THE DISCOUNTED CASH FLOW (DCF) VALUATION WITHIN THE REPORT ESTIMATES AN INTRINSIC VALUE PER SHARE LOWER THAN THE CURRENT MARKET PRICE, LEADING TO A SELL RECOMMENDATION WITH A TARGET PRICE OF APPROXIMATELY ₹213.22 AGAINST THE CMP OF ₹246.30.

DESPITE THIS, ANALYST SENTIMENT REMAINS RELATIVELY BALANCED RATHER THAN EXTREMELY NEGATIVE. MANY BROKERAGES CONTINUE MAINTAINING BUY, HOLD, OR NEUTRAL RECOMMENDATIONS BECAUSE THEY EXPECT GRADUAL RECOVERY IN THE SECOND HALF OF FY26 AND BEYOND. ANALYSTS APPEAR TO FOCUS MORE ON WIPRO'S LONG-TERM DEAL PIPELINE, STRONG LARGE-DEAL WINS, AI OPPORTUNITIES, CONSULTING CAPABILITIES, AND IMPROVING OPERATIONAL STABILITY RATHER THAN ONLY SHORT-TERM REVENUE WEAKNESS. THE COMPANY REPORTED STRONG LARGE-DEAL MOMENTUM WITH TOTAL CONTRACT VALUE GROWTH DURING FY25, WHICH PROVIDES FUTURE REVENUE VISIBILITY EVEN THOUGH CONVERSION INTO ACTUAL REVENUE MAY TAKE MULTIPLE QUARTERS.

THE REPORT ALSO EMPHASIZES THE BROADER MACROECONOMIC ENVIRONMENT AFFECTING WIPRO'S FUTURE GROWTH TRAJECTORY. SINCE WIPRO GENERATES SUBSTANTIAL REVENUE FROM BOTH INDIAN AND INTERNATIONAL MARKETS, ESPECIALLY THE UNITED STATES AND EUROPE, CHANGES IN GDP GROWTH AND ENTERPRISE SPENDING TRENDS SIGNIFICANTLY INFLUENCE BUSINESS PERFORMANCE. FORECASTS FOR BOTH INDIA AND THE UNITED STATES INDICATE SLOWING GDP GROWTH RATES COMPARED TO PREVIOUS YEARS, WHICH MAY LIMIT AGGRESSIVE NEAR-TERM EXPANSION FOR THE IT SERVICES INDUSTRY. NEVERTHELESS, LONG-TERM DEMAND FOR CLOUD COMPUTING, CYBERSECURITY, AI SOLUTIONS, CONSULTING SERVICES, AND DIGITAL TRANSFORMATION REMAINS STRUCTURALLY POSITIVE WORLDWIDE.

OVERALL, THIS EQUITY RESEARCH REPORT CONCLUDES THAT WIPRO REMAINS A FUNDAMENTALLY STRONG AND GLOBALLY DIVERSIFIED IT SERVICES COMPANY WITH STABLE PROFITABILITY, STRONG OPERATIONAL CAPABILITIES, AND MEANINGFUL LONG-TERM GROWTH OPPORTUNITIES IN AI, CLOUD COMPUTING, CONSULTING, AND DIGITAL TRANSFORMATION. HOWEVER, THE COMPANY IS CURRENTLY FACING A DIFFICULT TRANSITION PERIOD CHARACTERIZED BY SLOWER REVENUE GROWTH, CAUTIOUS CLIENT SPENDING, WEAK DISCRETIONARY DEMAND, AND COMPETITIVE PRESSURES WITHIN THE GLOBAL IT INDUSTRY. WHILE SHORT-TERM GROWTH VISIBILITY REMAINS LIMITED AND FY26 MAY CONTINUE TO BE CHALLENGING, WIPRO'S STRONG BALANCE SHEET, OPERATIONAL DISCIPLINE, LARGE-DEAL PIPELINE, AND STRATEGIC FOCUS ON EMERGING TECHNOLOGIES PROVIDE THE FOUNDATION FOR GRADUAL LONG-TERM RECOVERY.

IN CONCLUSION, WIPRO SHOULD CURRENTLY BE VIEWED AS A STABLE BUT SLOWER-GROWTH IT COMPANY THAT IS ATTEMPTING TO REPOSITION ITSELF TOWARD HIGHER-VALUE DIGITAL AND AI-DRIVEN SERVICES. THE COMPANY'S LONG-TERM SUCCESS WILL LARGELY DEPEND ON ITS ABILITY TO IMPROVE EXECUTION QUALITY, ACCELERATE DEAL CONVERSION, STABILIZE EUROPEAN OPERATIONS, STRENGTHEN COMPETITIVE POSITIONING, AND SUCCESSFULLY CAPITALIZE ON THE GLOBAL AI TRANSFORMATION CYCLE. IF MANAGEMENT SUCCESSFULLY EXECUTES THESE STRATEGIC PRIORITIES, WIPRO COULD GRADUALLY IMPROVE BOTH FINANCIAL PERFORMANCE AND INVESTOR CONFIDENCE OVER THE COMING YEARS. HOWEVER, UNTIL STRONGER AND MORE CONSISTENT REVENUE GROWTH BECOMES VISIBLE, INVESTOR SENTIMENT MAY REMAIN CAUTIOUS DESPITE THE COMPANY'S STRONG LONG-TERM POTENTIAL.
